

Clinical Sequence Evidence-Generating Research Consortium

CSER at the [American College of Medical Genetics 2018 Annual Meeting](#)

April 10th – 14th 2018. Charlotte, North Carolina.

Unless indicated otherwise, all events are at the Charlotte Convention Center

CSER Website: <https://cser-consortium.org/stories/cser-at-acmg-2018>

Wednesday, April 11th 2018

Time (local)	Location	Presenting Author	Title	Type
Presentations				
5:00 – 5:15pm	Room 217ABCD	Alice Popejoy	Ancestry and Diversity are Key to Optimizing the Delivery of Clinical Genomics	Platform Presentation

Thursday, April 12th 2018

Time (local)	Location	Presenting Author	Title	Type
Posters				
10:00 - 11:30am	Exhibit Halls BC	Lucia Hindorff	Secondary findings from clinical exome or genome sequencing: Prevalence, patient perspectives and healthcare costs from a multi-site study	Poster (Abstract #219)
10:00 - 11:30am	Exhibit Halls BC	Ragan Hart	Insurance Coverage for Genetic Testing Does Not Predict Diagnostic Rate: The Search for Meaning in Payer Decisions for Cancer Panel Tests	Poster (Abstract #225)
10:00 - 11:30am	Exhibit Halls BC	Ellen Howerton	The Clinical Sequencing Exploratory Research (CSER) Consortium: Genomic Sequencing in the Clinical Workflow	Poster (Abstract #247)
10:00 - 11:30am	Exhibit Halls BC	Kevin Bowling	Identification of secondary genetic variation in a cohort of parent study participants	Poster (Abstract #263)
10:00 - 11:30am	Exhibit Halls BC	Jacqueline Odgis	NYCKidSeq: Implementing Genomic Medicine in Children from Underrepresented Populations in Harlem and the Bronx	Poster (Abstract #381)
10:00 - 11:30am	Exhibit Halls BC	Whitley Kelley	Complex Genomic Results: Family Reactions and Follow-up	Poster (Abstract #537)
10:00 - 11:30am	Exhibit Halls BC	Kurt Christensen	Changes to Willingness to Pay for Whole Genome Sequencing after Experience	Poster (Abstract #555)
10:00 - 11:30am	Exhibit Halls BC	Jonathan Berg	The Clinical Sequencing Evidence-generating Research (CSER) Consortium: Projects, Processes and Plans	Poster (Abstract #573)
10:00 - 11:30am	Exhibit Halls BC	Kalotina Machini	Comprehensive Analysis and Reanalysis of the Genome: Findings from the MedSeq Study	Poster (Abstract #653)

Friday, April 13th 2018

Time (local)	Location	Presenting Author	Title	Type
Posters				
10:30 - 12:00pm	Exhibit Halls BC	Malia Fullerton	Sharing Clinical Genomic Test Results with Family Members: Experiences of Participants in an Exome Sequencing Study of CRC Risk	Poster (Abstract #590)
10:30 - 12:00pm	Exhibit Halls BC	Margaret Waltz	Breast Cancer Patients' Responses to Uncertainties Related to Diagnostic Results in an Exome Sequencing Study	Poster (Abstract #592)

Saturday, April 14th 2018

Time (local)	Location	Presenting Author	Title	Type
<i>Presentations</i>				
8:28 – 8:51am	Richardson Ballroom BC	James Evans	Taking the Challenges Seriously	Scientific Session
9:37 - 10:00am	Richardson Ballroom BC	David Veenstra	Economic Perspective: How do We Begin to Price this Out?	Scientific Session
11:30 – 12:00pm	Crown Ballroom	John Grealley	Epigenetics, Mosaicism, and Neurological Disorders	Closing Plenary Session
