Re: Patient Name (DOB: ###, MRN: ###)

Dear Parent's Name,

As a reminder, you gave permission for you and your child to take part in a research study (called the Texas KidsCanSeq study) about the genetics of cancer. Your child's genetic testing results from the study were reviewed with your cancer doctor and are in your child's medical record at KidsCanSeq Institution. This information may be helpful to you and your family members.

We would like to share these results with you, but we have not been able to reach you by phone to talk about this.

If you would like to discuss these results with a study genetic counselor by video or by phone or have any other questions, please call STUDY COORDINATOR, the study coordinator, at phone number or send an email to KidsCanSeq@texaschildrens.org.

Thank you for participating in the Texas KidsCanSeq study.

Sincerely,

The KidsCanSeq Study Team

Office: 832-824-4724  
Fax: 832-825-4276
